

BRING EUROPE TO YOUR INSTITUTION BECOME AN ECSS HOST

HOST NOW

ABOUT ECSS

Annual European InformatiCs LeaderS Summit

Premier European Summit for **leading researchers and changemakers** in Informatics and related disciplines.

Strategic Discussions on Europe's Common Goals

3 days of **knowledge exchange, networking and strategy-setting activities**, devoted to **crucial and timely** strategic issues of Informatics research and education.

Significant Boost of Leadership & Best Practices

Our workshops and awards ceremony put leaders and experts in Informatics research and education into the spotlight, where **best practices pass on to emerging leaders and the Informatics community** at large.

WHO CAN HOST?

Any **member institution of Informatics Europe** with the capacity and facilities to host an event which can accommodate 120-150 people.

Discover ways to connect
with the **Informatics
Europe** community on a
wider level!

YOUR ROLE AS A HOST

- Co-chairing ECSS, planning and executing the Summit in collaboration with Informatics Europe President.
- Deciding collaboratively with Informatics Europe Board on the chairs of the sub-events that make up the Summit.
- Collaborating with Informatics Europe Office for the dissemination and promotion of ECSS and related activities.
- Proposing the budget, finding sponsors, negotiating venue space and other facilities needed for the Summit.

As an ECSS host, you positively contribute to the development of the European Informatics research community, and enhance the global recognition of your institution.

Keen on hosting ECSS but have a few questions to clarify? Let's get in touch! Email us:
administration@informatics-europe.org
